THE MASCOUTAN

1950

OUR NEW MASCOUTAH

Although for some time there was a definite realization of the crying need for a new Mascoutah Community High School, the first tangible plans were made in January, 1948, with the holding of an election for a bond issue for \$550,000, followed in June by another for \$75,000. Ballots were almost unanimously cast in favor of a new high school.

Under the supervision of the architect, Mr. Albert Goedde, and the general contractor, Mr. Ferdinand Ganschinietz, construction began during the autumn of 1948. The ceremony for the laying of the cornerstone took place on October 12, 1948.

The building, 47,000 square feet of space—325 feet in length and 65 feet in width—consists of a central structure and two wings, one well equipped for industrial arts, and the other containing the gymnasium, which may also be used as an auditorium. The dimensions of the gymnasium, which has a combination stage and roll-away seats in addition to permanent bleachers, are 100 feet by 64 feet floor space, and the seating capacity is 1600.

At present there are 150 students in the school, which has facilities and space ample for a potential enrollment of 375 to 400 students, which will, no doubt, be reached in several years, judging from enrollments in the grade school.

In addition to the classical, academic branches, such as languages, English, mathematics, and social science, complete equipment has been provided for science, home economics, agriculture, industrial arts, and commercial subjects. There is also a well-stocked library of approximately 4500 volumes, a cafeteria with labor-saving

COMMUNITY HIGH SCHOOL

devices, as a potato peeler and an electric dish-washer, a visual education room with dark shades for showing movies in daylight, and a public address system, one of the most modern features of the school.

The extra-curricular activities offered in Mascoutah Community High School include the publication of a yearbook, the *Mascoutan*; the monthly newspaper, the *Hi-Lites*; a student council; a band; choral groups; Future Farmers and Future Homemakers of America; dramatics; Girls' Athletic Association; a photography club; and baseball and basketball teams. In the future the school grounds, covering 14½ acres, will be used to full advantage, since provision is to be made for a track, a baseball diamond, and tennis courts.

In our high school the aim of all teaching, curricular as well as extra-curricular, is to fashion young adults into responsible, well-informed, and cultured citizens, who are able not only to apply their knowledge and skills in their daily occupations or professions, but to use their leisure time to full advantage. Education is the process of preparing to live harmoniously, happily, and successfully with one's fellowmen. To be a well-rounded individual one must be developed physically, socially, mentally, and morally. The curriculum and clubs in the high school are all based on this philosophy of education.

The members of the Board of Education and Mr. Wiley B. Garvin are to be congratulated for their foresight, astuteness, and self-sacrificing perseverance in planning an ultra-modern high school, in providing the best educational and recreational facilities and guidance for the youth of Mascoutah. In short, for making all our dreams a reality.

DEDICATION

In token of our gratitude for her untiring efforts which have made our annual possible, for her patience and understanding when we needed them most, and for the important part she has played by conscientiously instructing us in the classroom, we wish to dedicate this, the twenty-fourth volume of the *Mascoutan*, to Miss Norma Steines. We can never be grateful or appreciative enough to repay her for her help in leading us upward from the pits of ignorance and despair to the golden fields of knowledge and faith. Therefore we take this opportunity to express our heartfelt thanks to such an admirable person—one who has achieved one of the greatest honors — that of being called "friend."

Miss NORMA STEINES, B.A., M.A.

FOREWORD

The yearbook staff presents for your approval the *Mascoutan*, the annual publication of Mascoutah Community High School. By means of pictures and articles we have tried to present to you a description of our school life, curricular as well as extra-curricular.

The minds of our students are trained by their scholastic pursuits. The characters of our students are greatly influenced by the various clubs and organizations existing in our school. Each scholastic, social, and athletic pursuit adds something vital to the development of boys and girls. Taken together, these activities train students for better home lives, more productive leisure time, and more successful vocations and careers. Boys and girls also learn how to work together, cooperating with their fellow students.

May you always find great enjoyment in the recollection of fond memories that this book records.

ADMINISTRATION

Mr. Wiley B. Garvin, after a year's leave of absence from his duties as superintendent, is back with us performing the many tasks placed before him. At all times he advises and cooperates with the faculty and student body for the benefit of the entire school. In a capable and understanding manner he is always ready and willing to give counsel to each individual in personal conferences. It matters not whether the problem is great or small; he is always standing by to lend a helping hand as we meet the shoals on life's great sea. We shall never be able to thank him enough for the part he has played in developing us into sturdy, well-rounded citizens, capable of occupying the place which now awaits us in tomorrow's world.

Mr. Wiley B. Garvin

Left to right: Mr. Elmer Riess, Mr. Harold Grodeon, Mr. Hobart Plab, Mr. Roland Eidman, Mr. Walter Klingelhoefer, Mr. Leroy Perrottet.

BOARD OF EDUCATION

The members of the Board of Education receive no compensation for their services to the school, other than the satisfaction they derive from witnessing the progress in education that the children of the community are making, a progress which they helped to make possible. These men anticipated the educational needs of the community; it is due largely to their efforts that we have our new high school. We wish to thank them for helping to open the way for us and those who follow after us through the golden paths of education to a brighter horizon of understanding and knowledge.

BACK ROW: Mr. Garvin, Miss Mathews, Miss Hucke, Miss Steines, Miss Walden, Mrs. Leilich, Mrs. Broeckling

Mascoutah has not only the best, but also the most understanding teachers in all the world. These teachers have counseled and guided us through four years of studies and extra-curricular activities with unusual patience and kindness. How they survived the ordeal we shall never know. It is a mystery to us seniors as to how the faculty was able to control their tempers and remain sane, without biting their nails, gnashing their teeth, or tearing their hair! We shall be eternally grateful for all the hours of labor and deep concern which the teachers spent upon us. We wish to assure them that this time was not wasted, for we have greatly profited from it.

Just to let our beloved sages know that we do remember them—here are a few things that they would not expect us to remember.

Mr. Wiley B. Garvin, B.S., M.S., Superintendent and Principal—Envied because he has the privilege of taking a nap after lunch—Diplomatic.

THE SENIORS IN 1960

One bleak, rainy afternoon in 1960 I was sitting in my bamboo hut in the Belgian Congo, where I had been a nurse for the past six years. I was paging through my 1950 annual from M.C.H.S., and reminiscing about my high-school days, wondering what had become of all my classmates. Had each one reached his goal in life? Were some of them on the road to fame? To fortune? Since I was longing to see my homeland and my old friends, I decided to take a much needed vacation.

Boarding a plane for the States, whom should I find as stewardess but Bernice Kraemer! While making me comfortable, she told me that the pilot was none other than the famous Robert "Crash Landing" Donner, who would be sure to take me safely to Mascoutah. Being rather dubious, I was greatly reassured by the presence of the new World's Heavyweight Champion, Norman "You'd better duck" Weber, who was sitting across the aisle from me. His companion was Dwight Hoelscher, now a missionary in India. We had a very enjoyable trip talking over old times and landed safely at the new airport of the ever-thriving metropolis of Mascoutah. The airport was owned and managed by Ronald Heyd, who frequently evaded business for his favorite pastime, fishing. Going into his office to call a cab, we talked with the receptionist, Shirley Bischoff, and Ronald's secretary, Marjorie Klingel.

When the cab came, we found that our driver was Dick Cannon, owner of Cannon's Courteous Cab Company. He told us that the mayor of Mascoutah was the dignified Allen "Albie" Albrecht, who blows bubbles to relieve his mind from vexing civic problems. His right-hand man, the Chief of Police, is the famed sleuth, Everett Deterding, better known as "Deadeye," who always gets his man—or mouse. Crime doesn't pay in Mascoutah; even field mice are afraid to steal grain anymore. Chief Deterding is also "hot on the trail" of people who throw beer bottles in tavern brawls. As a result of "Deadeye's" war on mice, Lorraine Yaiber and Gerald Rakers are the most prosperous farmers in the community.

Our taxi ran out of gasoline in front of Glenn Pitt's Streamlined Standard Service Station. Jerome Mueller, his friendly and industrious attendant, filled the tank for us. Then, after leaving Norman and Dwight at the home of friends, I continued merrily on my way to Hotel Mascoutah, owned and operated by Robert Mueth. He guarantees that his guests may rest comfortably (in spite of bed bugs and roaches), or their money is cheerfully (?) refunded. Here I was given a warm reception by the quiet and refined desk clerk, Danny Rasch. I could hardly believe my eyes. How ten years can change people! He rang a bell, and a nattily dressed bell hop, Daniel Wombacher, came to take my bags. I really appreciated his service, and when I offered him a 75cts. tip, he politely refused it—for old times' sake. He

volunteered the information that Dorothy Harper and Alice Joellenbeck were well known novelists, who had written two of the latest best selling mysteries—*Murder in the Malt Shop* and *The Strange Case of the Mascoutah Mamie*. He also told me that Helen Heumann had become an illustrator for the *Ladies' Home Journal*. After thanking Dan, "the bell hop dandy," I lay down to rest awhile.

Later, when I attended a movie at the Bijou Theater, I met Sharol Dickhaut, the ticket seller, who told me that the theater was owned by "Jake" Klopmeier, and that the ticket-taker was his wife, the former June Linck. After chatting with June, I entered the theater and took a seat. The star of the main attraction was Charles Kueback, who had replaced Jimmy Durante in the movies. In the news reel I saw pictures of the mathematical genius, John Pittman, the present-day Einstein. One of his greatest accomplishments was the discovery of the Pittman Theorem, guaranteed to make geometry simple, even for high-school sophomores.

After the movie I met Betty Rainwater, a curator of the local "Art" Museum and her dearest friend, Margie Schubert, who has developed a new method of preventing accidents on "Slick" streets. Her method? Stay off!

I left these old friends and went to the "Rats' Nest Cafe," which caters to only the best clientele. It is owned by Louie the Louse, known to some as Jack Roth, the ideal of all Mascoutah ladies. The pretty hat-check girl, Ruth Wombacher, was checking the derby of George "M. Cohan" Bizenberger, a song-writer well known in Tin Can Alley for such popular songs as "Meet Me in Fort Leavenworth" and "The Bread and Water Blues." He pays the singing headwaiter, Harvey Seering, to "plug" his songs. I was escorted to my table to the tune of "Meet me in Fort Leavenworth; meet me in my cell." Cheerful! The pert, little waitress, Lucille Werner, took my order. While I awaited my food, Sylvia Haas, the wife of the city's most prosperous undertaker, and Leona Anstedt, wife of the city's leading doctor, came over to chat. Sylvia is very fond of Leona—Leona's husband furnishes Sylvia's husband with most of his business. The girls told me that Carol Stahl was a very successful model in New York City for both the Robert John Towers and Hanover agencies.

Our chit-chat was pleasantly interrupted by the music of Marilyn Beckmeyer's all-girl orchestra, the very talented vocalist being Doris Justus. The first number was the Mascoutah Loyalty Song, still the top number on our Hit Parade of Memories.

After my pleasant, but all too short, visit I departed from dear old Mascoutah, flying toward the east and the rising sun, which gives promise of a still brighter tomorrow!

JUNIOR CLASS

The 43 members of the junior class, the largest in school this year, elected Jim Mitchell to guide them successfully through a very busy year preparing for the Junior Senior Banquet and Prom. Under the sponsorship of Miss Walden and Mr. Glover, the juniors chose the following members to assist the president: Thusnelda Bizenberger, vice president; Robert Whitecotton, secretary; Keith Grodeon, treasurer, Deloris Rowald and Jim Mitchell, members of the Student Faculty Council.

The class had 12 students on the honor roll during the first semester.

Through intensive work and good salesmanship, this group exceeded all other classes in the magazine contest. The total amount raised was \$642.75 for 209 subscriptions issued, the profit of which was used to defray the cost of the annual banquet and dance. Robert Whitecotton was high salesman on magazine subscriptions.

Three of the four cheerleaders are members of this class. They are Sally McAbee, Jaynie Bossett, and Lois Ackerman.

Sally McAbee was crowned M.C.H.S. Queen at the circus held on January 28.

In the Junior Red Cross drive the juniors contributed the largest sum of money of all the classes in high school.

They also contributed to the March of Dunes campaign, raising a total of \$6.57.

Story of the Play

The author, taking as the premise of his play the simple and reverent quotation, "Oh Lord, teach me to be kind," reveals how kindness and humanity pay huge dividends. Because of their simple acts of kindness, Oscar, his sister, and his mother receive a large fortune from the late George Shaw, who came West to Gopher Gulch to try to regain his health. Finding in these simple folk such devotion and consideration as he had never before known, Mr. Shaw left his relatives practically nothing. Being appraised of the

legacy, Oscar brings his mother and sister East to claim the inheritance. Mr. Shaw's relatives, together with an unscrupulous woman lawyer, make every effort to "fleece" the Springers of their legacy. But the simple tactics that won George Shaw's heart triumph over all evil, and Oscar even succeeds in winning the love of Pamela Shaw, the dead man's niece.

The play has abundant humor, exciting situations, a sprinkling of pathos, and interesting characters.

The Indians enjoyed a fairly good season, with a record of seventeen victories and ten defeats. They earned the first place trophy in the Clinton Conference Tournament and took second place in the District Tournament at Waterloo at the end of the season. The Indians placed fourth in the Cahokia Conference.

Jack Klopmeier, the captain, finished the season with 362 points, a total exceeded by only one player in the Cahokia Conference. Charles Kieback and Allan Albrecht were next with totals of 285 and 195, respectively.

Besides receiving new uniforms, the Indians were privileged to play in our fine new gymnasium with its permanent and roll-away bleachers seating 1600.

The members of the varsity squad were Jack Klopmeier, center and team captain; Jack Roth, guard; Allan Albrecht, guard; Jerry Bowers, forward; Dwight Hoelscher, center; Robert Mueth, forward; Everett Deterding, forward; and Robert Whitecotton, guard.

This year the members of the B team exhibited great promise. The boys played well as a unit and showed skill as individuals. These players will no doubt fulfill our highest expectations in the following years.

The members of the second team were Howard Boller, Terry Plab, Richard Teichmann, Clarence Munie, Jim Mitchell, Lynn Zimmermann, Curtis Condon and George Schanz.

24— Mr. Spieth comes to take indoor and outdoor pictures of the new school for the *Mascoutan*.
No more basketball this year! The game with Columbia ends with a defeat for us, 54-37.
27— Oh, no, Mr. Griebel! Not a test, please! And on Monday morning, too!

MARCH

1— March comes in like a lamb and brings the fourth six weeks' exams. The Greenville College quartet gives a very interesting program in the assembly. Later Mr. Francis talks to the seniors on the merits of Greenville College.
10— The chemistry class eats cake (part of an experiment, of course!). Report cards come out.
11— The basketball team, their fathers, the School Board, and the men on the faculty are guests of Mr. Votrain at a rabbit dinner, *Hasenpfetter*!
13— The girls' physical education classes put on an exhibition at the P.T.A. meeting.
14— Buy an annual! Sale of annuals starts today. Try-outs for the senior play are held. We may have some future Bernhardts and Barrymores.
17— Look at the Irish! The wearing of the green! S.E.C. gives a special St. Pat's Day program. The Reverend Brakemeyer speaks, the boys' quintet sings, Marilyn Beckmeyer and Doris Justus sing a duet, George Bizenberger plays his accordion, and Mrs. Broeckling leads us in group singing.
21— The F.H.A. enjoys a trip to the Wonder Bakery in St. Louis.
24— The G.A.A. elects officers.
28— The sophomores gather for a class party, to which their parents were invited. An interesting program and delicious refreshments were enjoyed by an unusually large crowd.
31— No school! Teachers' Institute in East St. Louis. The play cast comes to school all day, anyway.

APRIL

7— No school in observance of Good Friday.
12 Fifth six weeks' exams begin. Only six more weeks of school!
13— Mr. Spieth takes the final pictures for the annual. The play cast has a picture snapped.
14— The big night! The senior play! "The Goof from Gopher Gulch" is a great success.

ALL'S WELL THAT ENDS WELL

Falling half way down the stairs, I dashed madly outside to see her. Gee! She was beautiful there in the sunlight! If only she'd let me take her for a spin this afternoon, I'd be so happy!

It had been a long time since she had last gone out with me, but we had such fun together! Then she refused to go with me again. If only I knew why, I'd fix things up and make her want to come along.

I had dozens of friends when she was my steady; now even they seem tired of me. If only she wouldn't be so stubborn, I know we could patch things up! Maybe I didn't spend enough time with her. Maybe it's that I left her standing out in the rain that night I went to see the gang. It couldn't be that I didn't spend enough money on her, for there were days when I went without those extra cokes and milk shakes just to take her out. Maybe if I went up to her and spoke of my sorrow, she would forgive me and respond.

Having made up my mind, I fairly flew down the stairs the following morning. At the sight of her, I walked up to her and started begging, pleading, and then with a silent prayer I turned the crank. The motor started; the temperamental puddle-jumper, my dear, sweet Lizzie, was again purring contentedly.

The reason no woman ever married the man in the moon is that he makes only a quarter a week, gets full once a month, and stays out all night.

Boy, whispering: "Who's ed you getting - buck teeth, cross-eye, bow-legged, stringy-haired?"

Friend: "You needn't whisper; she's deaf too."

Henry E.: "My doctor says that ill health always attacks the weakest spots." Charlie K.: "Yeah. By the way, how's your headache?"

Miss M.: "If you only want work Mr. Fobes needs right hand men."

Dan R.: "Just my luck! I'm left handed!"

Mr. G.: "What is the Hague Tribunal?"

Robert W.: "The Hague Tribunal ar..."

Mr. G.: "Don't say 'The Hague Tribunal are: as -'"

Robert W.: "The Hague Tribunal isbitrated national controversies."

Robert S.: "Only fools are certain; wise men hesitate."

Gene R.: "Are you sure?"

Robert S.: "Yes, positive."

Betty J. & C.: "You used to say the world had an opening for you. Have you found it?"

Les: "Yeah, I'm in an awful hole right now."
